

Ecological Plus Factors

Other application (s) of the **WFC Air Reclaimer** technology (900) of Figure (9-1) is/are realized, such as but not limited to:

destroying bacteria in human waste-slurry for natural fertilization,

omission of many toxic-waste chemicals by atomic separation of their liquid to gas molecules for industrial reuse,

and even for static charging sea water contaminates for fresh water supply

... to mention a few.
